

Regulations for awarding scholarships for research trips financed by the STER program

§1. General provisions

1. The scholarships are intended for doctoral students of the Graduate School of Physics and Chemistry
2. Scholarships cover travel, subsistence and insurance costs.
3. The funds for the scholarships come from the STER program - *Internationalization of doctoral schools* implemented in 2022-24.

§2. Scholarship Commission

1. Scholarships are awarded by a Commission composed of members of the Graduate School Council.
2. The decisions of the Commission are taken by a simple majority of votes.
3. The decisions of the Commission are final and may not be appealed against.

§3. Requirements

1. Interested persons submit an application for a scholarship.
2. The application for a scholarship must include:
 - personal data
 - the supervisor's opinion
 - indication of a foreign research center
 - justification of the need for departure
 - justification for the need to obtain funding from the STER program
 - list of publications and conference presentations.
3. The Commission makes an assessment on the basis of the submitted documents and the course of studies.
4. After receiving a positive decision from the Commission, the candidates submit a confirmation of readiness for admission by a foreign research institution within 30 days.
5. Persons who received a scholarship are required to submit a report no later than 30 calendar days after returning from the trip.
